More info about active CLEAN

SCAN ME!

With regular use,
Bulkysoft Active Clean helps to:

• Reduce the accumulation of organic deposits, minimising the need for maintenance

• Reduce harmful bacteria in wastewater, improving hygiene

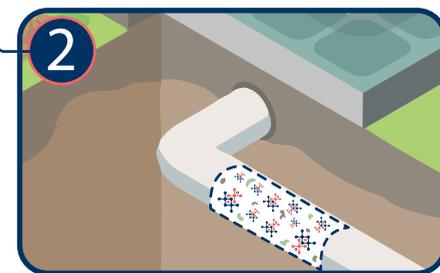

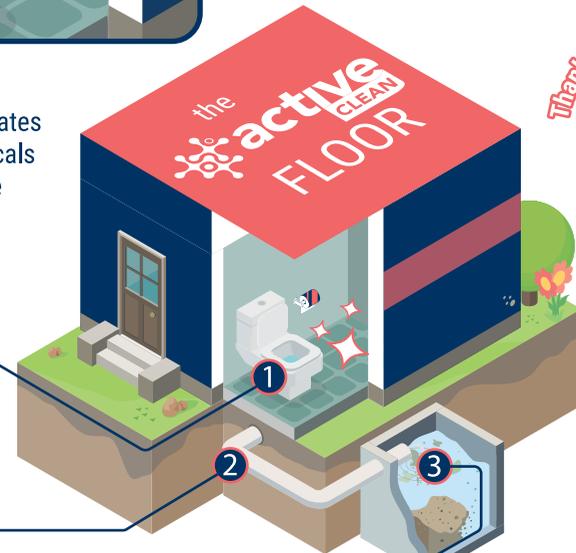

• Reduce unpleasant odours from organic deposits, keeping spaces cleaner

Perfect for demanding environments,
BulkySoft Active Clean is the best solution
for all situations where there are irregular pipes,
as well as in high-traffic areas:

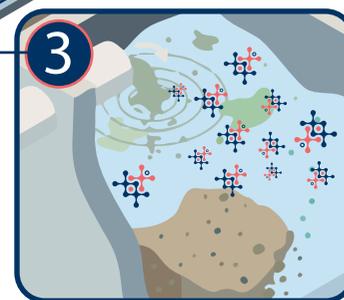

Bathroom
Active Clean eliminates the need for chemicals and helps to reduce unpleasant odours.

Pipes
Active Clean continues to work in the pipes, preventing the buildup of organic substances.

Active Clean is the smart toilet paper.
Thanks to the presence of completely natural active micro-organisms,
Active Clean performs multiple actions

Septic tank
Active Clean completes its action in the septic tank, helping to eliminate bacteria and improving its condition.

Why should you choose
Active Clean Tissue Paper?

Choose **Active Clean** for a smarter clean. Unlike traditional toilet paper, it is enriched with active micro-organisms that begin their action upon contact with water, helping to naturally break down harmful bacteria and reduce unpleasant odours.
Active Clean helps reduce the buildup of organic deposits in wastewater.
